

## Activation of Sumilabel via QR Code

Sumilabel software licenses can be activated with a provided QR code and a personal cell phone.

The steps below show how to easily accomplish this so that you can activate Sumilabel and use your SumiMark or Sumitag printer with it.

- Open **Sumilabel**
- Select **Tools** then **Activate**
- Fill out the left side of the activation window with your information

A screenshot of the "Sumilabel - Activate" window. The window has a blue title bar with the text "Sumilabel - Activate". Below the title bar, the word "Activate" is displayed. The main area contains two sections: "User information" on the left and "License information" on the right. The "User information" section is highlighted with a red rectangular border. It contains fields for "User:", "E-mail address:", "Company name:", "Postal address:", and "Country:". Below the "Postal address" field, there is a small text note: "Use Ctrl+Enter to advance to next line". The "License information" section contains a "Serial number:" field, an "Activation over the Internet" checkbox, and status messages: "Internet status: OK" and "Activation server status: OK". Below these are an "Activation code:" field with a "QR" button next to it, and a "License key:" field. At the bottom of the window, there are "Activate" and "Cancel" buttons. The "License information" section also includes contact information for Europe, Americas, and Asia.

-In the **Serial Number** box, enter the code that was provided on the activation card or given from SumiMark Technical Support. Uncheck the box next to **Activation Over the Internet**.

The image shows the 'SumiLabel - Activate' dialog box. The 'License information' section on the right contains a 'Serial number' text box, which is highlighted with a red rectangular border. Below it is an unchecked checkbox labeled 'Activation over the Internet'. Further down, the status is shown as 'Internet status: OK' and 'Activation server status: OK' in green text. Below these are fields for 'Activation code' (with a 'QR' button to its right) and 'License key'. Contact information for SEI Identification Systems Ltd. and Sumitomo Electric Interconnect Products Inc. is listed. The 'User information' section on the left includes fields for 'User', 'E-mail address', 'Company name', 'Postal address', and 'Country'. An 'Activate' button is at the bottom right.

-The **Activation Code** box should now have auto populated with a code.

This image shows the same 'SumiLabel - Activate' dialog box, but now the 'Activation code' text box in the 'License information' section is highlighted with a red rectangular border. The 'Serial number' field is still empty. The 'Activation over the Internet' checkbox remains unchecked. The status messages and contact information are identical to the previous image. The 'User information' section and the 'Activate' button are also visible.

-Next, click on the **QR** button next to the **Activation Code** box:

The image shows the 'SumiLabel - Activate' window. It has two main sections: 'User information' on the left and 'License information' on the right. The 'User information' section includes fields for 'User:', 'E-mail address:', 'Company name:', 'Postal address:', and 'Country:'. The 'License information' section includes a 'Serial number:' field, a checkbox for 'Activation over the Internet', and status messages: 'Internet status: OK' and 'Activation server status: OK'. Below these is an 'Activation code:' field with a 'QR' button next to it. At the bottom are 'Activate' and 'Cancel' buttons. The 'QR' button is highlighted with a red box.

-A pop up window will appear with the **Activation QR Code**. Scan the code using your cell phone camera.

The image shows the same 'SumiLabel - Activate' window, but with a pop-up window titled 'Activation QR Code' in the center. The pop-up contains a QR code and the word 'EXAMPLE' in large red letters. The 'QR' button in the background window is still highlighted with a red box.

-A link will appear on the cell phone after scanning the QR code. Tap on the link to receive the activation **License Key**. Enter the key in the **License Key** box and click on **Activate**.

The screenshot shows the 'SumiLabel - Activate' window. It has two main sections: 'User information' and 'License information'. The 'User information' section includes fields for 'User:', 'E-mail address:', 'Company name:', 'Postal address:', and 'Country:'. The 'License information' section includes a 'Serial number:' field and a 'License key:' field. A red box highlights the 'License key:' field. A red arrow points to the 'Activate' button. An 'Activation QR Code' dialog box is overlaid on the window, displaying a QR code and the word 'EXAMPLE' in large red letters. The 'Activate' button is highlighted with a red arrow.

-A confirmation window will appear notifying of the successful activation.

The screenshot shows the 'SumiLabel - Activate' window with an 'Information' dialog box overlaid. The dialog box contains a blue information icon and the text 'Thank you for activating!'. The 'Activate' button is highlighted with a blue border. The 'License key:' field is also visible.
